

# Professor Martin Green OBE

Chief Executive

Care England

*Reimagining Care and Support*

*TSA Conference*

*15<sup>th</sup> October 2019*

# The Care Sector

- Residential Care Homes 11,368 (242,405 beds)
- Nursing Homes 4,347 (219,001 beds)
- Small, medium and large providers
- Charities/corporates/independents
- Older People - People with Learning Disabilities

# Challenges

- No Government Policy
- Underfunding
- Staff recruitment and retention
- Under investment
- Poor integration with the NHS
- Poor public understanding
- Technophobia
- Demographic change

# An Exciting Future: Technology

- Enabling independence
- Communicating – People to people
- Prevention – The medical monitoring role
- Alarm and Alerts – Health, Wellbeing, Crisis Intervention
- Measuring outcomes
- Proof of interventions
- Planning and development tools
- Effective deployment of staff
- Monitoring performance
- Integrating support
- Mixed Tenure/Funding Models
