

### Carecom advanced care assist system

Rob Fedrick Territory Sales Representative

13<sup>th</sup> July 2021

# Carecom: Created for people, not buildings

A personalised system to ensure resident safety with minimal disruption to others in the home

# Carecom advanced care assist system

# **Carecom is different:**

- **Discreet** predominantly **wireless, app-based** solution
- Reporting on each alert is automated, consolidated, auditable and CQC and GDPRcompliant
- Flexible system that can be customised:
  - **Distinct teams** created for **specific zones** (COVID "bubbles", infection isolation areas, etc)

tunstall.co.uk

Tunstall

### Fears:

- Increased risk of infection
- Isolation/impact on mental health with blanket ban on visits

### **Creation of bubbles:**

- Infection/quarantine isolation for Covid-19 and other winter viruses
- Track and trace of visitors who have contact with residents

The same Carecom functionality can be used to drive efficiencies by creating practical zones in the home according to its architecture

## Carecom and COVID-19

6699

Without Carecom, it would have been so much harder to protect our residents during the pandemic. It's made such a difference to staff, residents and families already, but during the last few months it's been absolutely invaluable. I don't know how other care homes are managing without it.

> **Jason Sharpe** Operations Manager, Park View, Halifax

The new system has made such a massive difference to everyone's lives – residents, staff and relatives. Residents feel much safer knowing how quickly they can get help at the touch of a button. It's enabled us to improve the way we deliver care in ways no traditional system ever could.

Jason Sharpe Operations Manager, Park View, Halifax

# Carecom: Created for residents, staff and family

#### Residents

- Security and freedom
- Dignity and privacy
- Equipment and sensors

#### Staff

- Easy-to-use phone app receives dedicated alerts
- Fewer interruptions
- Even and air workload distribution leads to improved morale and teamwork
- Phones can be used to call for assistance if required and to access
- other approved care management apps

#### Family

.

- Calmer environment
- Quality of interaction
- Confidence

# Thank you
