

Tunstall

Maximising digital opportunities

Angus Honeysett, Head of Market Access John Murray Business Development Director

30th November 2021

TSA/ADASS Commission

Tunstall support the recommendations made in the commission, and through partnership working and collaboration are helping to drive digital inclusion and data accessibility as health and social care integrate.

Digital infrastructure, skills and approaches in social care must improve so individuals and the care workforce can maximise digital opportunities.

ENABLING WORKFORCES TO MAKE EFFICIENT AND EFFECTIVE USE OF TECHNOLOGY AND DATA to improve outcomes for people families and carers

for social care support received by councils in 2019-20

juggling caring responsibilities with work and family life

THE BENEFITS OF USING TECHNOLOGY IN SOCIAL CARE:

individuals

Take a consultative approach – working together to understand your challenges, designing the best digital future-proofed solutions in partnerships

Whilst there are challenges to overcome, maintaining or adapting your existing solutions where possible is both economical and the right thing to do

Our objective is to work with you to provide digital solutions and a digital implementation plan that is tailored, realistic and outcome focussed
