"When digital transformation is done right, it's like a caterpillar turning into a butterfly, but when done wrong, all you have is a really fast caterpillar."

George Westerman, MIT Sloan Initiative on the Digital Economy

"It is not the strongest of the species that survives, nor the most intelligent that survives. It is the one that is the most adaptable to change." — Charles Darwin (1809-1882)

"Think of digital transformation less as a technology project to be finished than as a state of perpetual agility, always ready to evolve."

Amit Zavery, VP and Head of Platform, Google Cloud
