# 21 Social

Presentation to : iTEC 2022

Presentation by : Kevin McSorley

Date : March 2022

# Our Interest in TEC

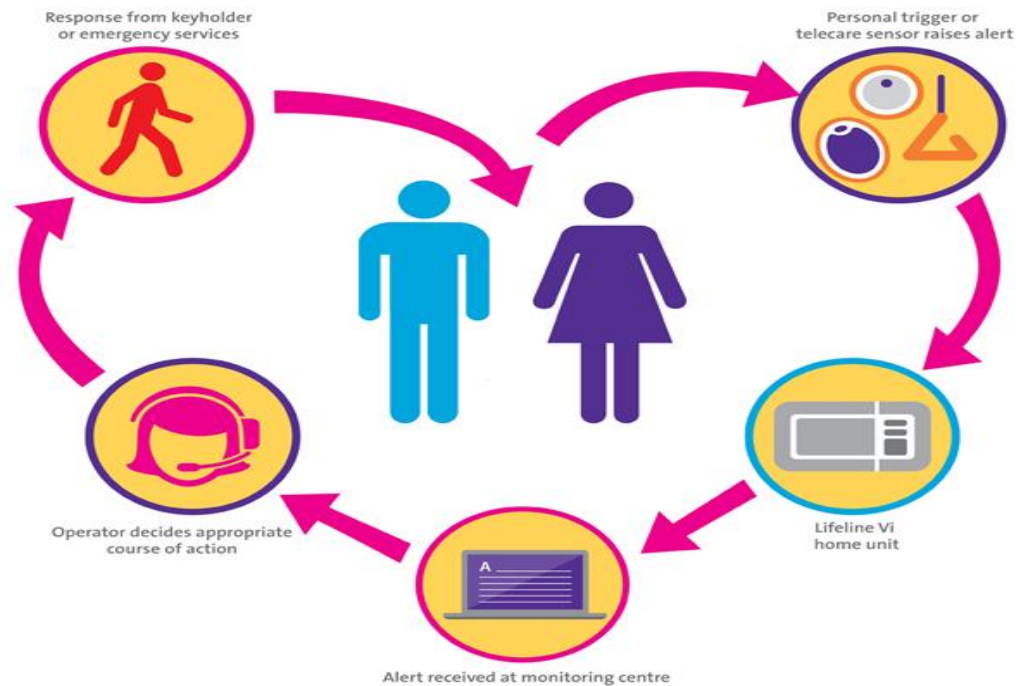

Our focus is maintaining independent living

We believe that staying safe and well at home with easy access to support when needed is key to enabling people to age in place – at home and in the community

We believe that appropriate technology can achieve improved service models/better outcomes

To be successful our focus is on building trusted relationships with clients, carers, housing, health and social care professionals, like-minded technology providers

# An Alarming Model

# Enabling Technology

Today's Test - "It just works"

Wearables – Roaming; Discreet SoS

Your call for help,  
always answered.

# Success

Our vision is to become the most effective and efficient provider of housing, care and support, delivering high-quality services **beyond the expectations of all our customers**, through engaged and empowered staff

We will exemplify our core values in everything that we do

- We will strive for excellence
- We will be accountable for our decisions
- We will focus on the outcomes
- We will be creative and innovative
- We will make every penny count
