Rising to the Challenge – New Model Carers

TSA ITEC Conference
28th March 2022

Dr Cynthia Bullock
Deputy Director
UKRI Healthy Ageing Challenge

What do we want ageing to look like?

- By 2030, the gap in Healthy Life Expectancy (HLE) between local areas where it is highest and lowest will have narrowed, and by 2035 HLE will rise by five years.
- By 2030, well-being will have improved in every area of the UK, with the gap between top performing and other areas closing

Two of 12 missions to 'Level up the UK'

Maintaining health at work

Creating healthy active places

Sustaining physical activity

Design for age-friendly homes

Living well with cognitive impairment

Managing common complaints of ageing

Supporting social connections

Examples

Projects- aiming for impact at scale

- Bronze Labs / Tribe – Creating local care economies, working to identify need and develop new talent to provide care.
- Bellevie - Reinventing the future of home care
- Mobilise Care Ltd - Online support for unpaid carers

Research

- **Edinburgh University** Healthier Working Lives and Ageing for Residential Care Workers: developing careers, enhancing community, promoting wellbeing
