

TSA™

People, our Principle Asset:

Strengthening Workforces and Partnerships for the Future of TEC

Samantha Davies

Workforce Development Manager

The Workforce

Understanding the needs of professional and informal carers

Understands the use of TEC and is passionate about promoting its use to enrich people's lives.

Has a stronger working knowledge of the appropriate and safe application of TEC and is able to help others consider options and signpost.

Has an ability to use TEC in a responsible and enriching way, with enhanced awareness of how to mitigate risks and recommend technologies safely.

How **immersive, virtual technology** can **rapidly develop** the behaviours of the health, care and housing **workforce**.

**People's everyday lives enriched, enhanced
and enabled by technology enabled care**
