

# Powered by People, Supported by Technology

Gabe Marshall – Senior Quality Manager for Technology Enabled Care, Community  
Integrated Care

# Introduction

**Community Integrated Care – one of the UK's biggest health and social care charities.**

**Founded 37 years ago** to create a more inclusive society.

6,500 colleagues supporting more than 2,600 people **with learning disabilities, autism, mental health concerns** and dementia to live the **Best Lives Possible**.

**Award winning approaches** and pioneering cross-sector partnerships.

## Our vision

**Your Life, Your Choice** – embodies our goal of giving people real choice and control over how they live their lives, promoting independence and encouraging people to fulfil their life goals and aspirations.

# Our Mission

We're dedicated to reimagining the care industry through the power of assistive technology. Empowering those who enable others, with cost efficient and reliable services that enhance independence

**Powered by people, aided by technology**

24/7 virtual care centre

Centralised on call service

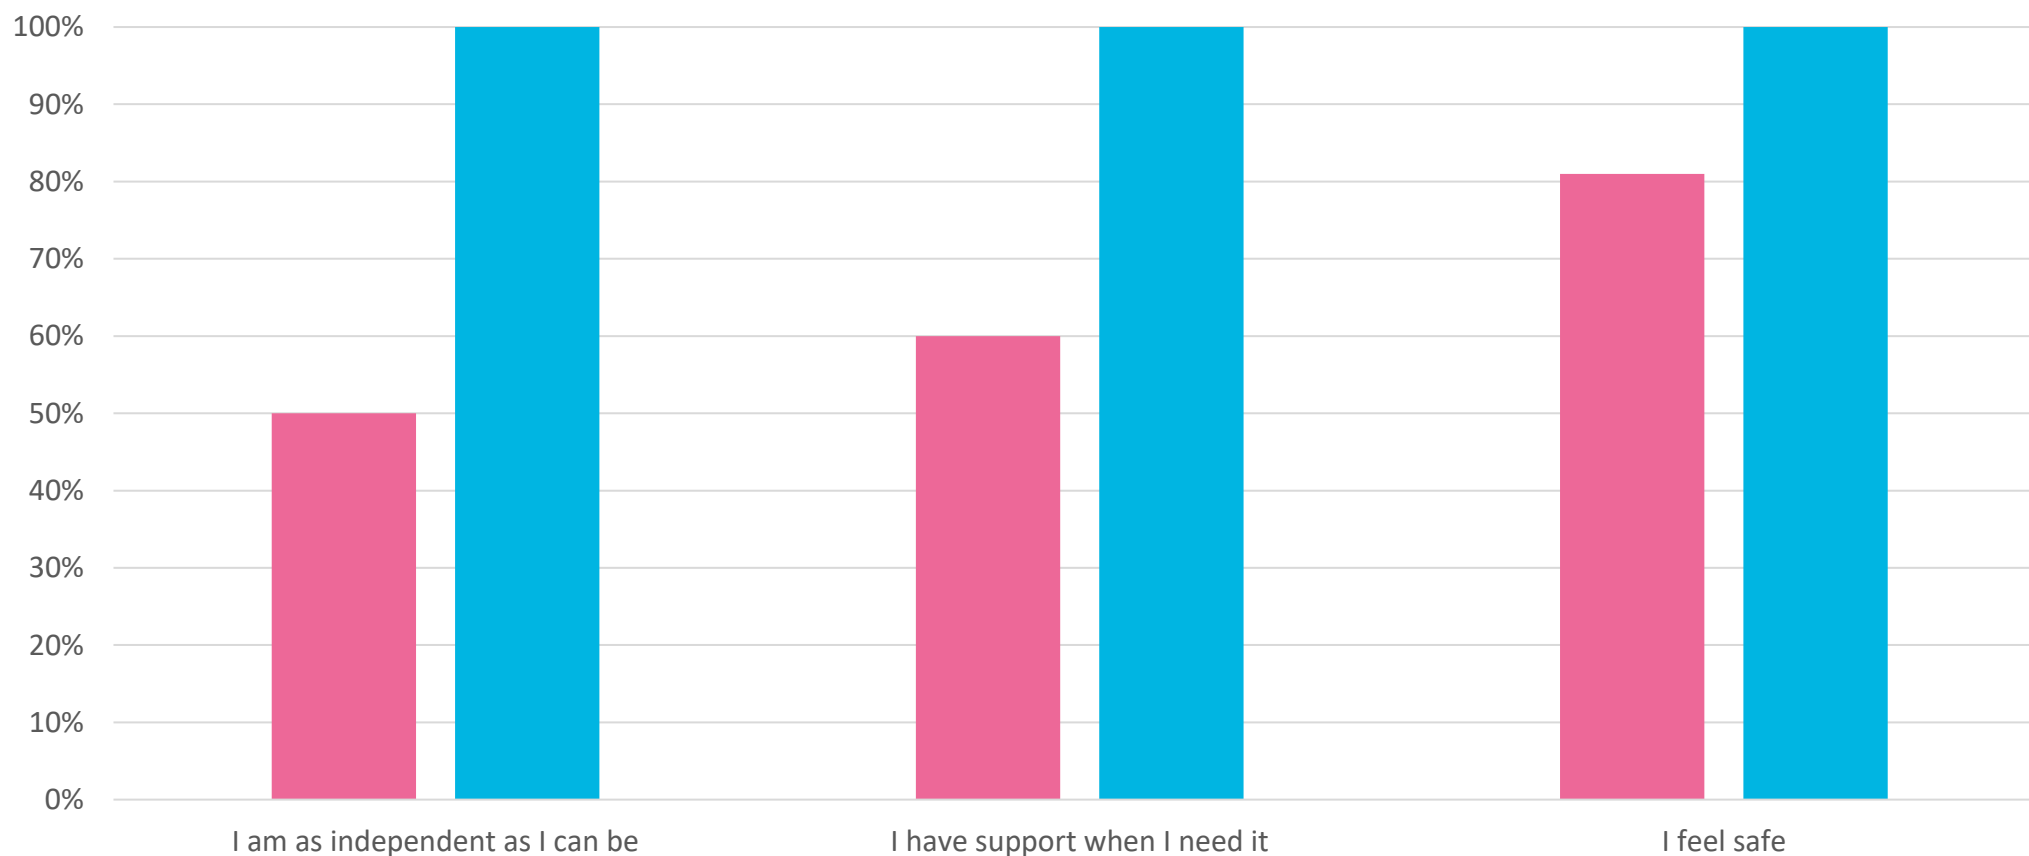

# Outcomes we've delivered

# Capability; delivering outcomes

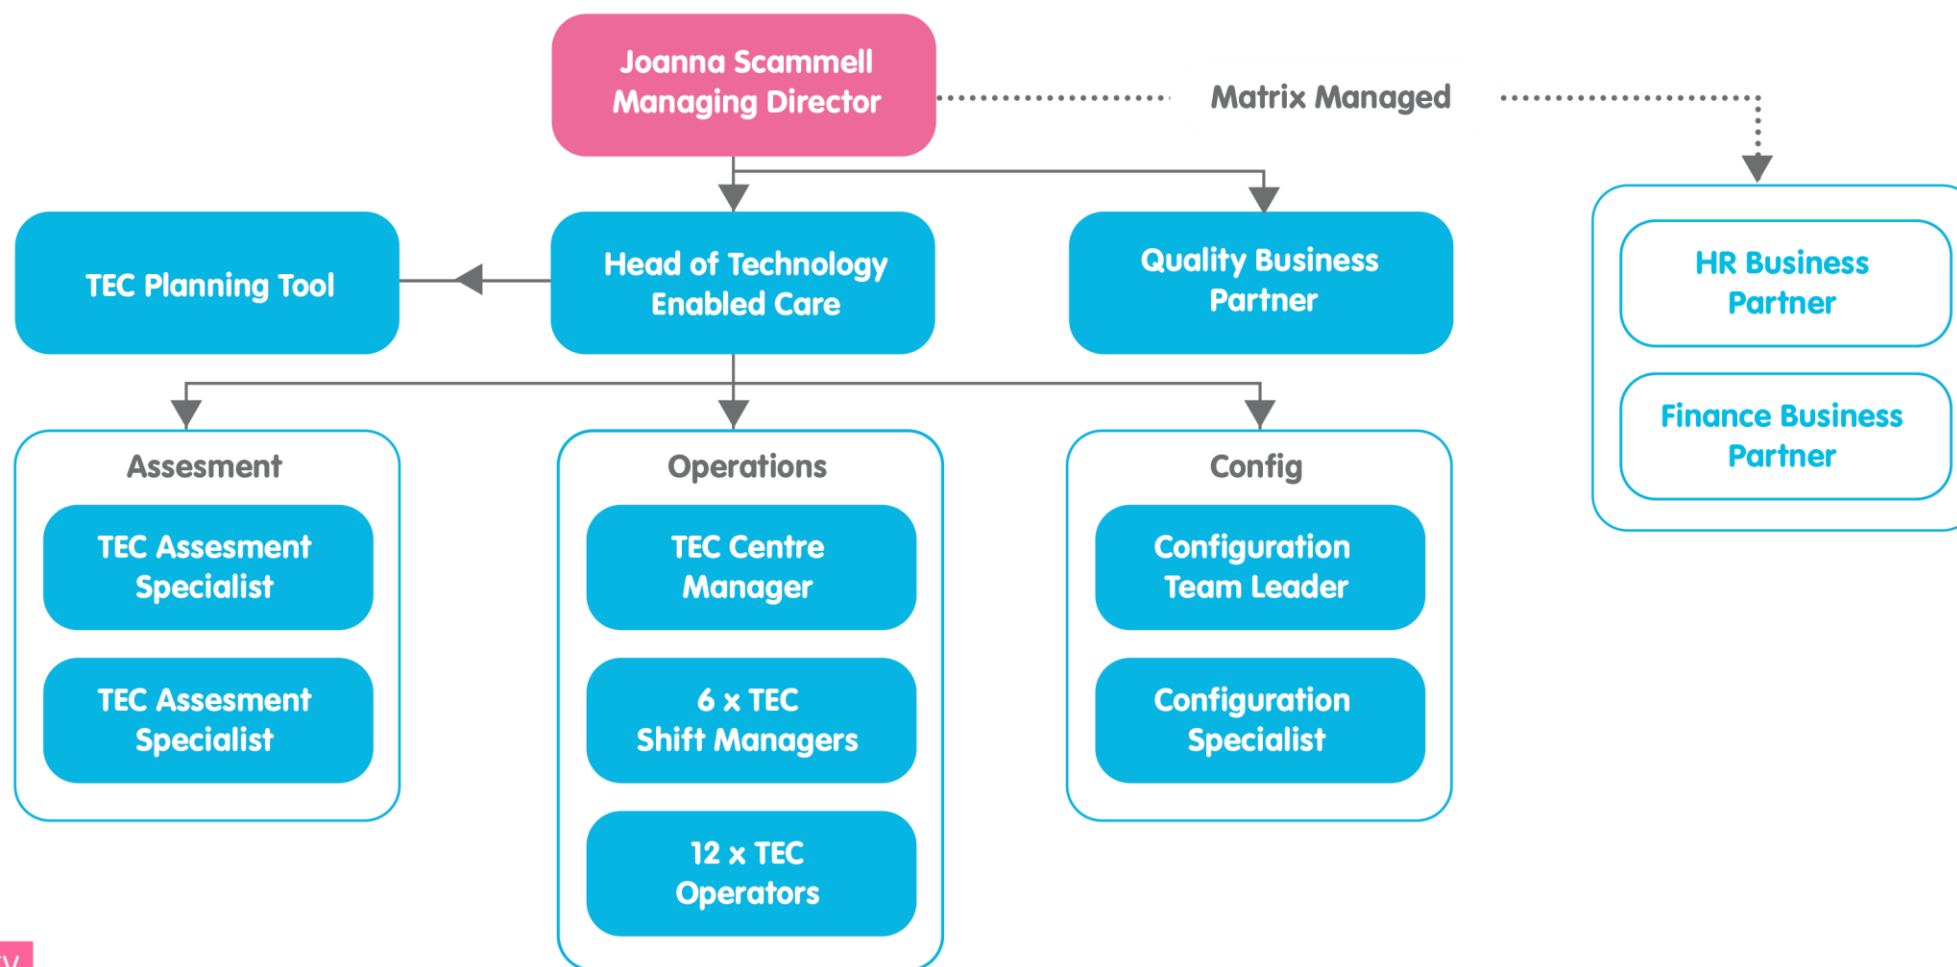

Delivering Outcomes

# Capability development: expertise

# Recognition and accreditation

We are recognised as a TEC innovator in our sector, being involved with national conversations around TEC and digital care commissioning

Digital Transformation of the Year  
WINNER: Community Integrated Care

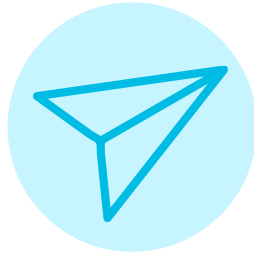

Certified Organisation

# What are the Challenges?

## Commissioning

- How to
- Cost
- Pilot inertia
- In house and/ or technology only provision

## Time and capacity

## Internal cultural changes take time

## Pace of technological change

# Introducing Ingle

To work with technology  
that's caring, get in  
touch.
