OBJECTIVES

- Test 10 TAPPI principles in locality 'testbeds'

- Gather the evidence of what is possible

- Challenge what is perceived to be impossible

- Co-produce a 'TAPPI Framework'

https://www.housinglin.org.uk/Topics/browse/Design-building/tappi/

Co-production

Technology enabled services need to be proactive and co-produced with people, their families and carers.

Workforce, vision and leadership

Digital infrastructure, skills and approaches in social care must improve so individuals and the care workforce can maximise digital opportunities.

Standards

We should work with technology providers and other adult social care stakeholders to drive the adoption of quality standards.

Evidence evaluation and benefits realisation

Wellbeing and cost benefits continuously collated

Creation of the blueprint

What good looks like

Hands on Support in the community

Delivery of a Personalised Care Innovation Programme

Tappi Framework
