

The logo features a stylized infinity symbol above the word "archangel". The symbol is composed of two interlocking loops, with a color gradient from blue on the left to orange on the right. The word "archangel" is written in a clean, white, sans-serif font. A registered trademark symbol (®) is located at the top right of the word.

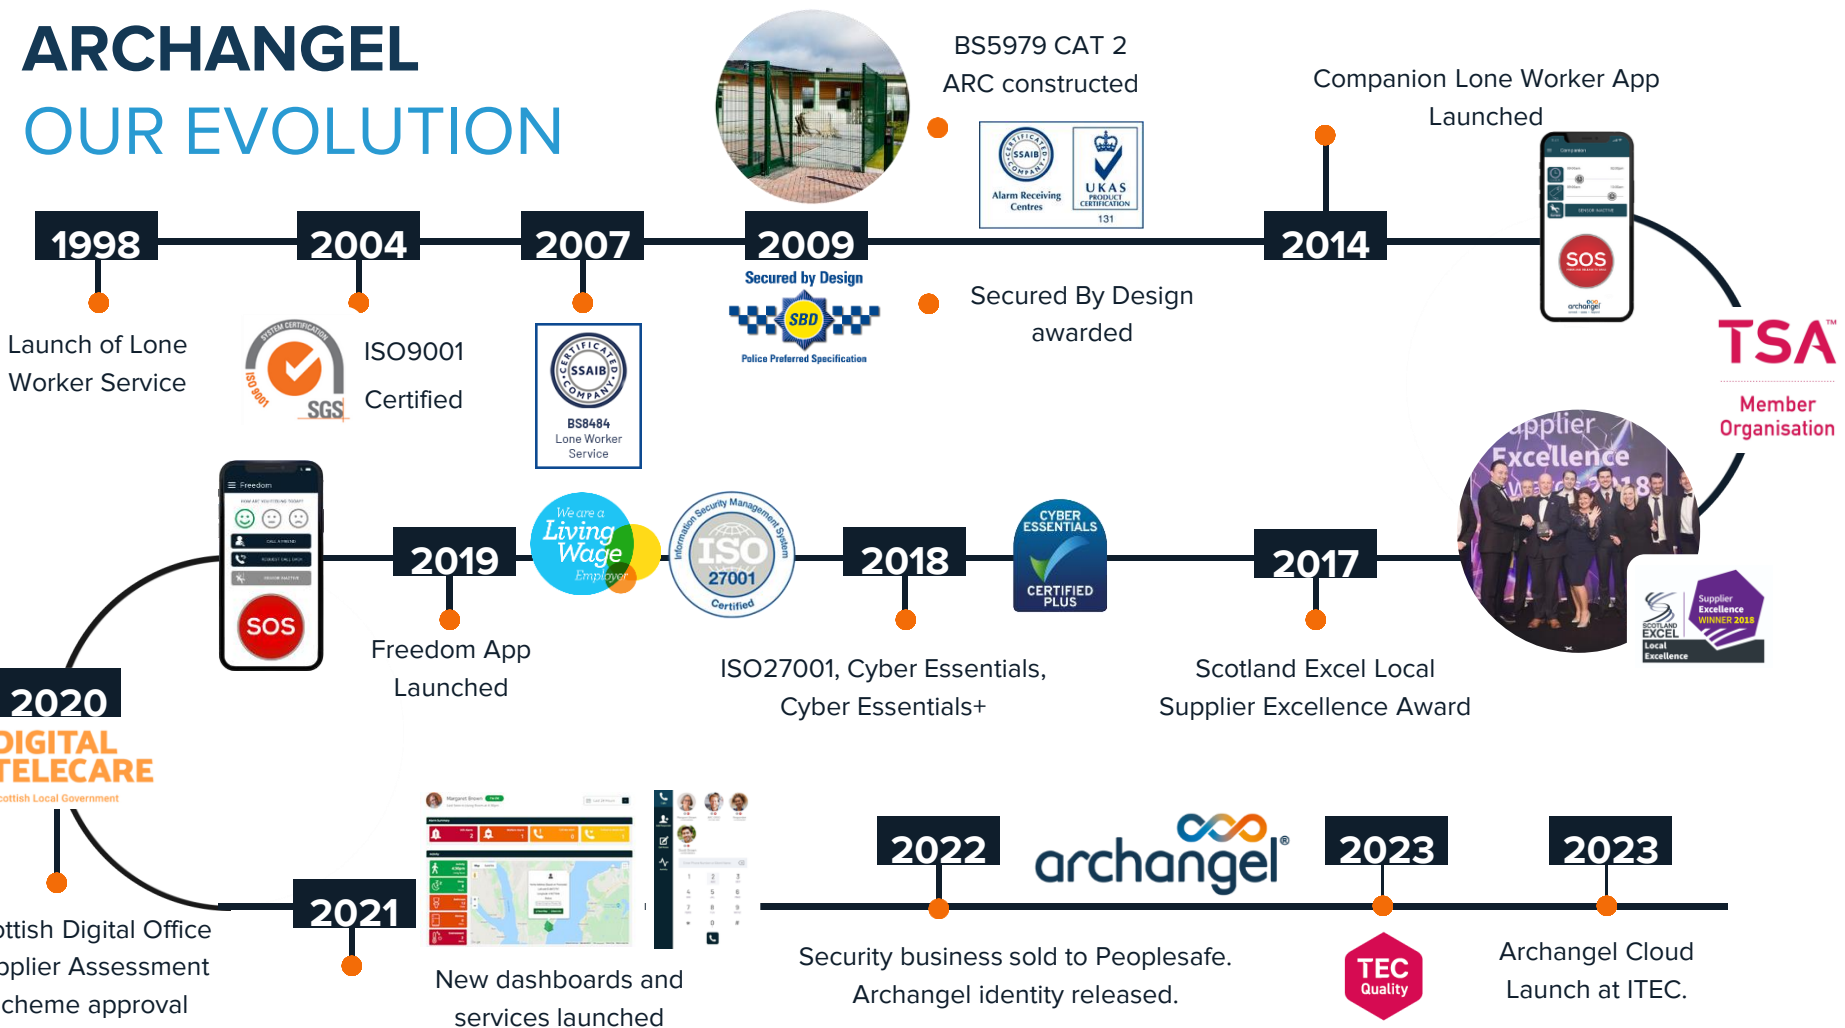

archangel[®]

connect • assess • respond • evolve

A large, faint, and semi-transparent version of the infinity symbol logo is positioned in the bottom right corner of the image, serving as a background element.

ARCHANGEL

OUR EVOLUTION

CHALLENGING TIMES

CATALYST FOR CHANGE

- Existing telco system is obsolete:
 - Businesses & households use analogue alarms
 - PERS devices - 3G sunset
 - ARC Infrastructure - servers using ISDN and PSTN
 - ARC Software using analogue telephony and protocols
 - ARC Software architecture using on-premise or VPN technology
- Demands for better, consumer-focused, alarm technology
- Demands for distributed cloud systems
- Demands for more data sharing across health, care, and housing

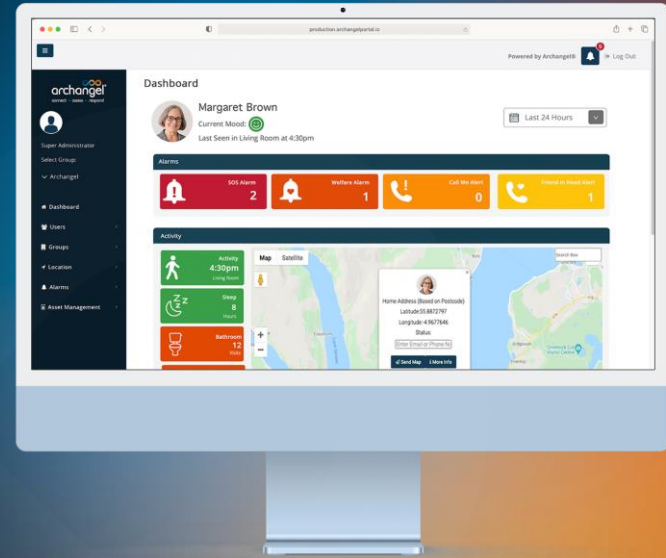

PROJECT LIBERTY

MEET ARCHANGEL®

AN INTEGRATED CARE SYSTEM

- Award winning platform and apps.
- Cloud Software-as-a-Service
- Connects to any device, system, and platform
- Intelligent data aggregation from multiple devices and systems.
- Delivers data sharing in a meaningful and contextualised way.
- Actionable insights enable more efficient and productive services.
- Control & mitigate costs.
- Enables growth of service capabilities & scope.

ARCHANGEL®

CONNECT

Archangel® supports customer choice and analogue to digital migrations.

The unique Interoperability Gateway connects and integrates apps, equipment and systems via open standards, industry protocols and Application Programming Interfaces (APIs).

Integrate analogue and digital devices, industry specific equipment and protocols, mobile devices, smart apps, IoT equipment and sensors plus third party systems.

ARCHANGEL®

ASSESS

Archangel® gathers all safety, location, activity, health, and environment data and presents it via tailored dashboards relevant to you and your industry sector.

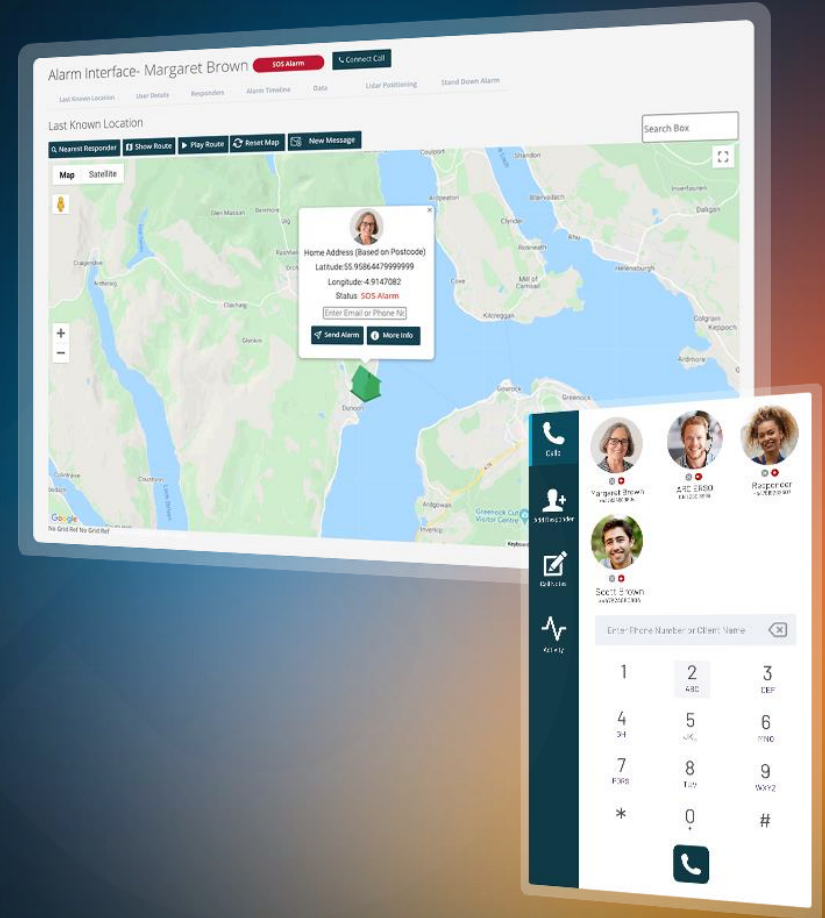

Powerful rules coupled with data analytics tools, machine learning, and AI modelling facilitate the holistic assessment of individuals and assets, helping you to plan improved outcomes, improve safety, deliver proactive health & care, and measure the health impact of environmental and property conditions.

ARCHANGEL® RESPOND

Archangel® Incident Manager contains comprehensive features with customisable user portals plus an integrated softphone, and call recorder.

This industry certified and audited software delivers multiple alert and response formats with flexible alarm response management by remote individuals, or centrally by a commercial ARC.

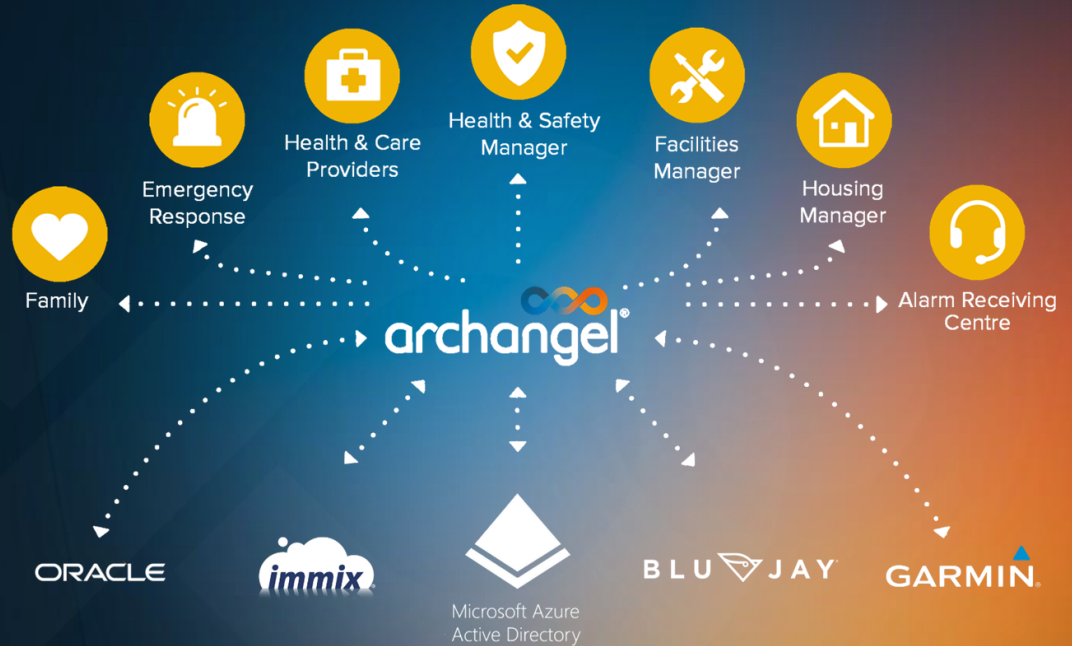

ARCHANGEL®

EVOLVE

Archangel® intelligently connects to third party systems via APIs.

This includes:

- Back-office integrations (e.g. Oracle and Active Directory)
- WFM integrations (e.g. BluJay)
- ARC/CCTV platforms (e.g. Immix)
- TEC Device/Platform integrations
- Network Integrations (such as LoRa)

BUILD YOUR OWN SERVICE

Design in confidence with Archangel® innovative Cloud (SaaS) as your digital service and co-design partner.

Platform connectivity, system features, and an ecosystem of approved equipment manufacturers, network connectivity partners, and system platform api's will enable you to build and integrate your service, your way.

We provide all the tools you need with full technical support, helping you to evolve, test, and innovate with new services, equipment and supply chain partners

MANAGED SERVICES

If you don't have the time, or lack the in-house technical expertise, then remove the uncertainty of delivery by using Archangel's fully managed service options.

All connectivity, equipment, installation, system management, and dashboards are provided for templated care pathways and safety services. Full technical support and resilience SLA's included for one simple monthly fee.

MEET ARCHANGEL®

your INTELLIGENT
CARE CENTRE

A computer monitor is shown at an angle, displaying the Archangel logo. The logo consists of a stylized infinity symbol in blue and orange, followed by the word "archangel" in a blue sans-serif font. Below the name, the tagline "connect • assess • respond" is written in a smaller, lighter blue font. The monitor's bezel is black, and the screen is white.
